film developing & prints

ATTENTION: When preparing digital files for print, please be aware of the following

- ALL FILES MUST BE IN 8 BIT color
- Files must be **FLATTENED** in jpg, tif, or psd file format (no RAW files)
- FILE NAME OF 10 CHARACTERS OR LESS. This will assure all information in your file name is printed on the back.
- Images should be **CROPPED EXACTLY** as you want them printed or with detailed instructions on how they should be printed.
- Tif files can not be compressed.
